# ENGINEERING DESIGN DRAFTING

ASSOCIATE OF SCIENCE DEGREE

This major curriculum leads to the Associate of Science Degree in Engineering Design Drafting for advanced Tech Prep applications, employment in design, engineering and manufacturing related industries, public works, utilities and CADD/Drafting-related industries. Upon completion of specific General Education courses, this program also fulfills many of the requirements and foundation courses for transfer to other Baccalaureate technical majors within Engineering and Industrial Technology but is not intended to fulfill transfer requirements for the Baccalaureate degree. (See transfer requirements for individual colleges and universities.)

To acquire the **Associate of Science Degree in Engineering Design Drafting**, students must complete the required major courses below with a grade of "C" or better along with one of the following:

- o RHC GE and Proficiency requirements
- o CSU GE (California State University General Education Breadth)
- o IGETC (Intersegmental General Education Transfer Curriculum)
