

# CERTIFICATE OF ACHIEVEMENT

## Music Production

This certificate of achievement is for students who want to learn about the process of making successful recordings. Emphasis is placed on the interpersonal skills required to interact with other musicians, songwriters, and engineers; as well as the technical skills required to make professional decisions while leading a production team. A final production portfolio is part of the capstone class and a requirement for completion of the certificate.

To acquire the **Certificate of Achievement in Music Production**, it is necessary to complete the following courses:
