

DIVISION OF HEALTH SCIENCE & NURSING

ASSOCIATE DEGREE IN NURSING (RN)

Nursing Generic Student (Option #1)

The two-year Associate of Science in Nursing Degree program is designed to prepare students for employment as a registered nurse, providing direct care to patients. Graduates receive an Associate of Science Degree in Nursing. The program is accredited by the California Board of Registered Nursing (B.R.N.). Students who complete the curriculum are qualified to take the examination leading to licensure as a registered nurse. To acquire the **Associate of Science in Nursing Degree**, students must complete one of the following: Río Hondo College General Education and Proficiency requirements, California State University General Education Breadth (CSU GE), or Intersegmental General Education Transfer Curriculum (IGETC).
