

DIVISION OF HEALTH SCIENCE & NURSING

# ASSOCIATE DEGREE NURSING

## PSYCHIATRIC TECHNICIAN TO RN (Option #3)

The two-year Associate of Science in Nursing Degree program is designed to prepare students for employment as a registered nurse, providing direct care to patients. Graduates receive an Associate of Science in Nursing Degree. The program is approved by the California Board of Registered Nursing (B.R.N.). Students who complete the curriculum are qualified to take the examination leading to licensure as a registered nurse. For students who seek to complete option #3, a current California psychiatric technician license is required.

To acquire the **Associate of Science in Nursing Degree**, students must complete the required major courses below with a grade of "C" or better or of "P" if the course was taken on a Pass/No Pass basis, along with either of the following: Rio Hondo College General Education (RHC GE) or California General Education Transfer Curriculum (Cal-GETC). California State University General Education-Breadth (CSU GE) or Intersegmental General Education Transfer Curriculum (IGETC) may be used in some cases; please see a counselor for details.

Prerequisites/Corequisites	Units	N	IP	C
* BIOL 125 Human Anatomy	4
